History and Values

Simprint has been proudly serving the Calderdale community and beyond with exceptional printing services since 1986. Our dedication to quality and customer satisfaction has been clear from the very beginning. With locations in Halifax, Brighouse, and Sowerby Bridge, Simprint has broadened its reach while staying true to its commitment to quality and customer care.

Product Range

Simprint provides a diverse array of printing services, ranging from wedding invitations to business cards and many other printed products. The company takes pride in creating beautifully designed items that cater to the varied needs of its clients. Whether for a personal celebration or a business necessity, Simprint guarantees that every project is approached with meticulous care and attention to detail.

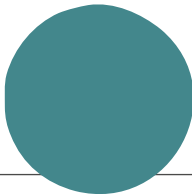

Expertise and Service

A significant advantage of Simprint is its team of experienced staff members who bring decades of expertise in both print and design. This extensive knowledge enables us to produce high-quality products while also offering valuable advice and suggestions to our clients. Simprint goes beyond merely providing printing services; we aim to foster enduring relationships with our customers by surpassing their expectations and putting in that extra effort.

All this means Simprint is recognised as a dependable and customer-focused printing partner that merges advanced technology with personalised service to achieve outstanding results.

Design

Let our talented group of creative professionals blend technical expertise with artistic vision to bring your ideas to life. We work closely with clients to understand their brand goals and translate concepts into visually compelling layouts, ensuring every project is both eye-catching and functional. With a strong command of typography, colour, and print production standards, the team carefully prepares each design from initial proofs to final press, to deliver polished and professional printed materials.

Print

Our print department handles all your printed needs. Our large format capabilities include direct-to-board printing on a whole range of substrates, whilst our roll-fed print and cut machines produce your posters, banners, stickers and much more.

Our digital and litho presses handle everything from business cards to multi-page brochures, with finishing options including lamination, perforation, binding, drilling and numbering.

Consultation

Our expert team will be happy to visit you at your premises for a no obligation quote and to discuss your needs, whether it's designing a brochure or planning a large graphics and signage install at your premises.

Even if you're not sure what you want, our team can asses the site to offer the perfect solution for you.

Manufacture

We offer a full in-house manufacturing and fabrication service. Investment in cutting edge machinery means we are a one-stop firm for laser cutting, CNC and direct to board printing. We can plan, assemble and print anything from tray signs to illuminated tension graphics and MDF podiums.

Installation

Our skilled team of site fitters are on hand to install your signage and graphics. From fitting a small piece of window vinyl to elevated installation of signage and banners, we have the equipment and know-how to get you and your business up and running.

Thank you Simprint Brighouse! - I've recently ordered a few things from my local business and they've been so so helpful with bringing my ideas to life. Customer service and satisfaction is the top priority for these guys and I felt so reassured working with them. I love my banner and my packaging labels for my small business. I'll definitely be back for more items, such a reasonable and affordable price too! Thank you so much

Orders of Service & Greetings cards

Orders of Service

An Order of Service serves as a treasured memory of a loved one. It can be used as the schedule for the ceremony and can be a keepsake for guests. Let one of our friendly and sensitive staff design these for you, using your family photos and memories, so it reflects the personality of the one you have lost. We create these to be bespoke and personal to you and your family.

Matt and team did all our wedding stationery and it was perfect. I sent them PDF mock ups and the printing was so clear. They were all ready in a timely fashion and it looked so professional. We also got our thank you cards here. Highly recommend

Bespoke Wedding Stationery

Your wedding stationery is the first glimpse your guests will get of the unique and exciting style you've chosen for your special day. Whether it's modern or traditional, rustic or glamorous, you can have loads of fun choosing the design and making it personal to you.

We offer a range of finishes to elevate your stationery; pocket folds, hand or digital foil elements, embossing, belly bands, special papers, labels, ribbon ties and more. So, if you have a specific theme or vision, or just want to match an existing style, our designers have the skills to bring it to life for you.

Artwork Setup

Setting up your files for print

- ✓ When sending your artwork to print, your artwork needs to be a high resolution PDF.
- ✓ You will also need to bear in mind bleed, margins and safe zone.

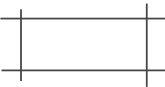

Key

Safe Zone
This area inside the 'Trim' will be kept clear from guillotine blades, so make sure any text or sensitive information is inside this area.

Bleed
We cut the 'Bleed' area off your artwork to avoid white edges on the finished product. 3mm is required on all edges.

Trim
This is where we aim to cut your artwork and will be the finished size of your artwork once 'Bleed' is trimmed off.
